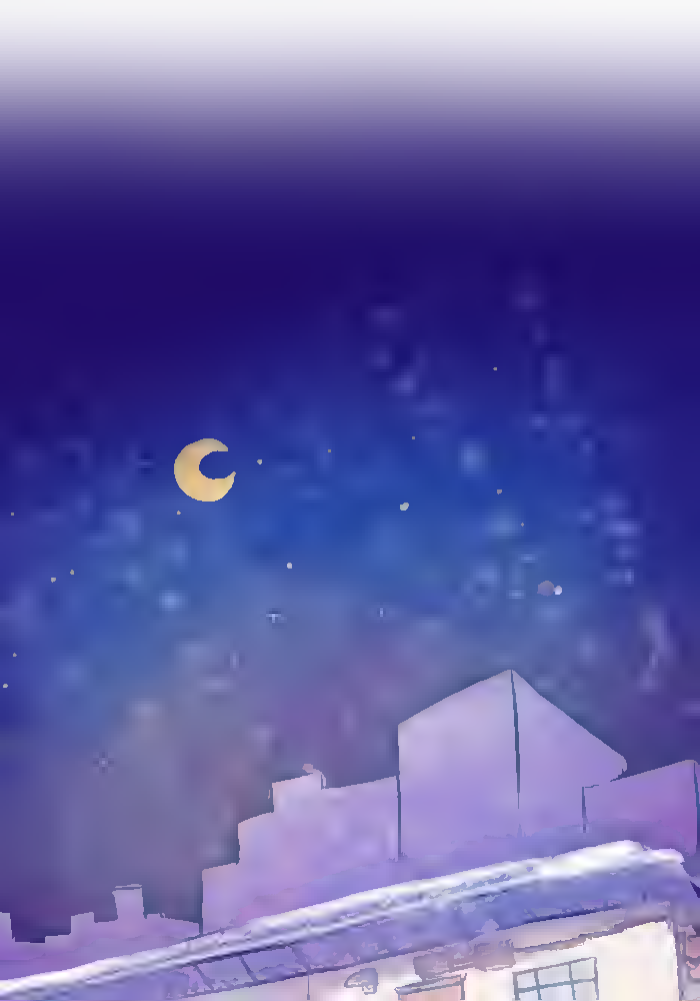
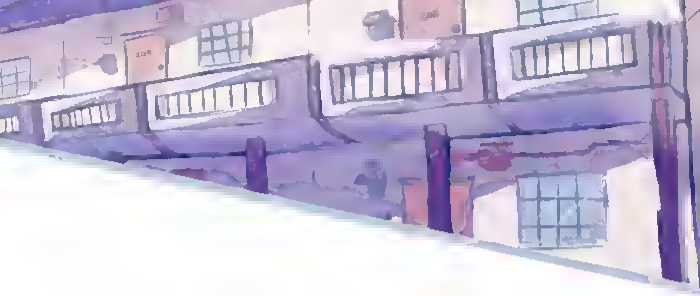
Late Bloomer

BY ZEALFORART

EPISODE 1. BOTANICAL DEVELOPMENT





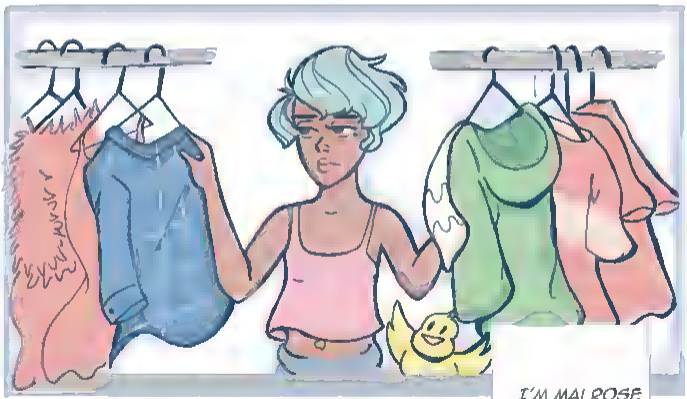
GROOWWWW

I GUESS..
I SHOULD EAT

CRAP..
I NEED TO
BUY FOOD..

Every flower blooms...

..at a different pace..



I'M MAI ROSE AND THIS IS PING, MY PET DUCK

AHHH..

. SO . YOU NOTICED

WEIRD, RIGHT?

IT DOESN'T HURT. OR ANYTHING. IT'S KINDA JUST HERE

THE PROPER TERM FOR IT IS BOTANICAL DEVELOPMENT*

*I.E. A SITUATION WHERE A PLANT SPECIES HAS USED THE "HUMAN BODY" AS A HOST.

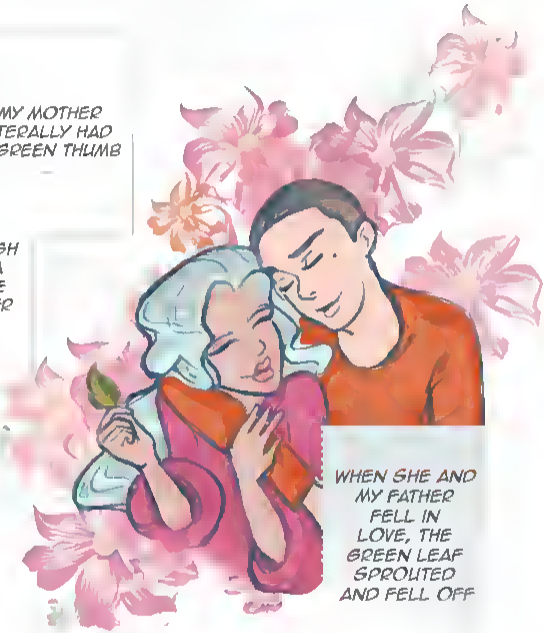
. IT'S ACTUALLY HEREDITARY ON MY MOTHER'S SIDE OF THE FAMILY.

AND HAS PASSED THROUGH GENERA-

TIONS IN SEVERAL FORMS

MY MOTHER LITERALLY HAD A GREEN THUMB

ALTHOUGH SHE IS A TERRIBLE GARDENER



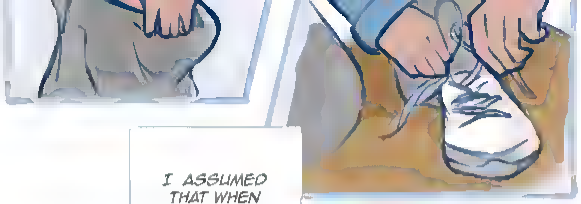
WHEN SHE AND MY FATHER FELL IN LOVE, THE GREEN LEAF SPROUTED AND FELL OFF

AND WHEN I FIND A MATE MY BUD IS SUPPOSED TO BLOOM

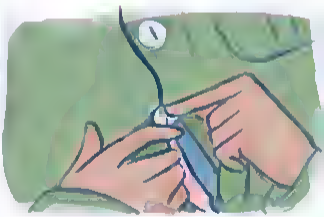
HOWEVER..

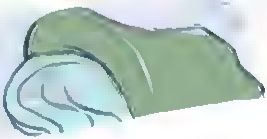
-I'M 26 YEARS OLD AND I HAVE NEVER DATED.

DURING MY CHILDHOOD AND TEENAGE YEARS MY BUD BLOOMING WASN'T A PRIORITY



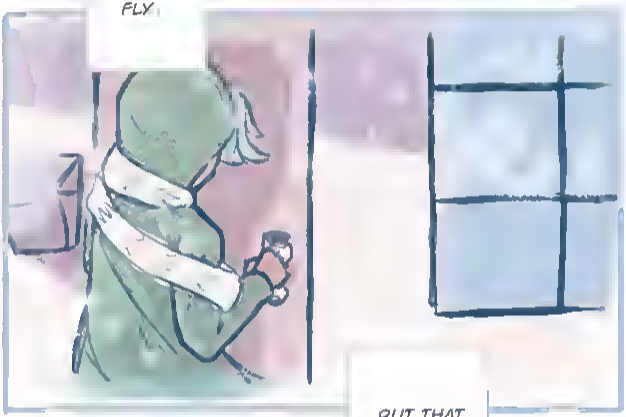
I ASSUMED THAT WHEN THE TIME CAME I WOULD MIRACULOUSLY RUN INTO THE "ONE"





AND HAVE THAT SPECIAL MOMENT YOU KNOW...

WHEN SPARKS FLY...

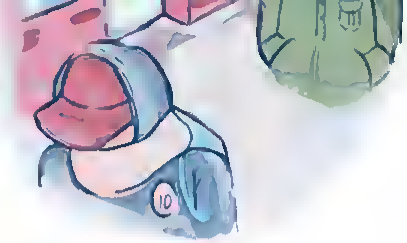


BUT THAT HASN'T HAPPENED AND...

I'M STARTING TO BELIEVE IT WON'T HAPPEN ANYTIME SOON...

SO THIS IS WHO I'VE BECOME..
AN INEXPERIENCED,

PLANT WOMAN WITH A NONEXISTENT LOVE LIFE
WELL. THAT WAS RUDE!



STAY TUNED!
